

**GENERAL TERMS of USAGE (GTU)
of QUANTO Solutions GmbH
for QUANTO Transliteration Center (QTC)**

APPLICABILITY

Except as otherwise agreed, in any contractual relations in which QUANTO Solutions GmbH (hereinafter referred to as "QUANTO") provides Cloud Services including Support, as well as related Consulting Services, to another company or public-law entity or special fund, these General Terms and Conditions for Cloud Services apply. They apply to precontractual relations accordingly.

1. DEFINITIONS

1.1 "Customer Data" means any content, materials, data, personal data and information that Authorized Users enter into the production system of a Cloud Service or derive from its use of and store in the Cloud Service.

1.2 "Authorized User" means a person at Customer or its Affiliates or Customer's or its Affiliates' Business Partners to whom Customer grants access authorization to use the Cloud Service.

1.3 "Cloud Materials" mean any materials provided by QUANTO to Customer before or in the course of performance under the Agreement, including the materials produced delivering support or Consulting Services for Customer. Cloud Materials include materials created in cooperation with Customer, but do not include the Customer Data, Customer Confidential Information or the Cloud Service.

1.4 "Cloud Service" means any distinct on demand solution provided and supported by QUANTO under an Order Form.

1.5 "Consulting Services" means related professional services, such as implementation, configuration, or training services, agreed as applicable in the Order Form.

1.6 "Documentation" means QUANTO's then-current technical and functional documentation as well as any roles and responsibilities descriptions, if applicable, for the Cloud Service which is made available to Customer with the Cloud Service.

1.7 "Supplement" means the product specific supplemental terms and conditions that apply to the Cloud Service and that are incorporated in an Order Form.

1.8 "Business Partner" means a legal entity that requires use of a Cloud Service in connection with Customer's and its Affiliates' internal business operations. These may include customers, distributors, service providers and/or suppliers of Customer or its Affiliates.

1.9 "Subscription Term" means the term of a Cloud Service subscription identified in the applicable Order Form, including the Initial (Subscription) Term and all Renewal Terms.

1.10 "Usage Metric" means the standard of measurement for determining the permitted use volume and calculating the applicable fees due for a Cloud Service as set forth in the Order Form.

1.11 "Order Form" or "Agreement" means an agreement between QUANTO and Customer on Cloud Services and (where applicable) related Consulting Services referencing the present Cloud Solutions.

1.12 “QUANTO Policies” means the operational guidelines and policies applied by QUANTO to provide and support the Cloud Service as incorporated in an Order Form.

1.13 “QUANTO” means QUANTO Solutions GmbH.

1.14 “Confidential Information” means all information which QUANTO or Customer protect against unrestricted disclosure to others or that are deemed confidential according to the circumstances of their disclosure or their content, including the Agreement. In any case, the following information is considered to be Confidential Information of Customer: the Customer Data, Customer marketing and business requirements, Customer implementation plans, and/ or Customer financial information; and Confidential Information of QUANTO: the Cloud Service, Documentation, Cloud Materials and analyses under Section 3.5, and information regarding QUANTO research and development, product offerings, pricing and availability.

1.15 “Export Laws” means all applicable import, export control and sanctions laws, including without limitation, the laws of Germany.

2. USAGE RIGHTS

2.1 During the Subscription Term, QUANTO grants to Customer a non-exclusive, non-transferable right to use the Cloud Service (including its implementation and configuration), Cloud Materials and Documentation solely for running Customer’s and its Affiliates’ internal business operations and in accordance with the Agreement, in particular the terms of the product-specific Supplement, the QUANTO Policies and the Documentation. Customer may use the Cloud Service world-wide, except Customer shall not use the Cloud Service from countries where such use is prohibited by Export Laws. Permitted uses and restrictions of the Cloud Service also apply to Cloud Materials and Documentation.

2.2 Customer may permit Authorized Users to use the Cloud Service within the contractually agreed scope. In particular, usage is limited to the Usage Metrics and volumes stated in the Order Form. Access credentials for the Cloud Service may not be shared or used by more than one individual at a time, but may be transferred from one individual to another if the original user is no longer permitted to use the Cloud Service. Customer is responsible for the acts and omissions of its Authorized Users, Affiliates, and Business Partners as for its own acts and omissions and shall oblige them to adhere to the contractual provisions for the use of the Cloud Service, Documentation and the Cloud Materials. Customer is otherwise not allowed to sublicense, license, sell, lease rent or otherwise make any Cloud Service or Cloud Materials available to third parties.

2.3 Acceptable Use Policy: When using the Cloud Service, Customer shall not: (a) copy, translate, disassemble, decompile, reverse engineer, or otherwise modify, in full or in part, or make any derivative works of the Cloud Service, the Documentation or Cloud Materials (except to the extent permitted by mandatory law); however, the Documentation may be copied to the extent necessary for internal purposes; (b) use the Cloud Service in breach of applicable law, in particular Customer will not transmit any content or data that is unlawful or infringes any intellectual property rights of third parties; (c) circumvent or endanger the operation or security of the Cloud Service.

2.4 Customer will monitor its use of the Cloud Service and report to QUANTO in writing without undue delay any use that goes beyond what is contractually agreed, in particular any use in excess of the Usage Metrics and volume. In this case, Customer must sign an Extension Agreement that documents

the additional use and additional fee. Such fees shall accrue from the date the excess use began. QUANTO may monitor use to verify compliance with Usage Metrics, volume and the Agreement.

2.5 QUANTO can temporarily limit or suspend Customer's access (in particular user names and passwords) to the Cloud Service to prevent damages, if it is sufficiently probable that the continued use of the Cloud Service in breach of contract by Customer, the Authorized Users, or a third party using Customer's access data may result in harm to the Cloud Service, other QUANTO customers, or the rights of third parties in such a way that immediate action is required to avoid damages. QUANTO will notify Customer of the limitation or suspension without undue delay. If circumstances allow, Customer shall be informed in advance in writing or by email. QUANTO will limit the suspension or limitation in time and scope as reasonably possible under the circumstances.

2.6 The Cloud Service may include integrations with web services made available by QUANTO-Partners or third party providers on external websites that are accessed through the Cloud Service and subject to terms and conditions with those third parties. QUANTO shall provide only technical access to the content of such integrated websites. The content of such websites is the sole responsibility of these third parties.

2.7 Authorized Users may access certain Cloud Services through mobile applications obtained from third-party websites such as Android or Apple app store. The use of mobile applications as such is subject to the terms and conditions agreed upon download/access to the mobile application and is not subject to the terms of the Agreement.

2.8 The Cloud Service may include on-premise components that can be downloaded and installed (including updates) by Customer. The SLA referenced in section 3.2 of these GTU does not apply to these components. In addition to the Support Policy referenced in the Order Form, specific QUANTO support and maintenance policies apply to these on-premise.

3. QUANTO RESPONSIBILITIES AND OBLIGATIONS

3.1 QUANTO provides the Cloud Service agreed in the Order Form in accordance with Section 2. QUANTO provides support as agreed in the Order Form and (if agreed) the Consulting Services. The quality and functionality of the agreed performance that QUANTO is obliged to provide is conclusively agreed in the Order Form and the documents referred to therein. QUANTO is not obliged to perform additional services or provide additional service features. If Customer is provided with a free-of-charge Cloud Service, QUANTO shall provide no support for this Cloud Service and has no obligation to provide any particular service level. QUANTO may cease providing access to such free-of-charge Service at any time. This Section 3.1 supersedes any conflicting term in these GTU.

3.2 Unless otherwise stipulated in the Supplement, QUANTO will maintain an average monthly system availability for the production system of the Cloud Service as defined in the Service Level Agreement referenced in the Order Form ("SLA"). In the event of QUANTO's breach of the SLA Customer may claim a service credit as detailed in the SLA in the form of a contractual penalty ("Vertragsstrafe", German Civil Code, Section 339). Customer will follow QUANTO's credit claim procedure. When the validity of the service credit is confirmed by QUANTO in writing or by email, Customer may apply the credit to a future invoice for the Cloud Service or request a refund for the amount of the credit if no future invoice is due. Contractual penalties paid shall be offset against any Customer claims for damages. In the event QUANTO fails to meet the SLA (i) for four consecutive calendar months, or (ii) for five or more calendar months during any twelve months period, or (iii) at a system availability level

of least 95% for one calendar month, Customer may terminate its subscriptions for the affected Cloud Service by providing QUANTO with written notice within thirty days after the failure. Termination will become effective at the end of the calendar month in which QUANTO has received the termination notice.

3.3 QUANTO will implement and maintain appropriate technical and organizational measures to protect the personal data processed by QUANTO as part of the Cloud Service as described in the Data Processing Agreement for QUANTO Cloud Services referenced in the Order Form in compliance with applicable data protection law.

3.4 The features of the Cloud Service and the QUANTO Policies may be enhanced and may be adapted by QUANTO to reflect technical advances and to allow for the Cloud Service's continuing compliance with applicable mandatory law ("Continuous Modification"). QUANTO will provide information about Continuous Modifications within a reasonable period of notice (in general 3 months before the change is scheduled to take effect), in particular by email, on the Support Portal, through Release Notes, or within the Cloud Service. In the event that a change may negatively affect the justified interests of Customer so that Customer can no longer reasonably be expected to adhere to the agreements in the Order Form, Customer can terminate the affected Cloud Service in writing with a notice period of one month before the announced change is scheduled to take effect. In case Customer does not terminate, the Continuous Modification will become effective on the date the announced change is scheduled to take effect. QUANTO will draw attention to this in the change notice.

3.5 QUANTO may create analyses utilizing, in part, Customer Data and information derived from Customer's use of the Cloud Service and Consulting Services, as set forth below ("Analyses"). Analyses will anonymize and aggregate information and will be treated as Cloud Materials. Unless otherwise agreed, personal data contained in Customer Data is only used to provide the Cloud Service and Consulting Services.

4. CUSTOMER DATA AND PERSONAL DATA; CUSTOMER RESPONSIBILITIES AND OBLIGATIONS

4.1 Customer is responsible for the content of the Customer Data and entering it into the Cloud Service. Subject to Section 11, Customer grants to) a nonexclusive right to process Customer Data for the sole purpose of and only to the extent necessary for QUANTO to provide and support the Cloud Service (including without limitation preparing backup copies or performing penetration tests); (ii) to verify Customer's compliance with the provisions set forth in Section 2.

4.2 Customer will collect and maintain all personal data contained in the Customer Data in compliance with applicable data protection law.

4.3 Customer shall maintain appropriate security standards for use of the Cloud Service by the Authorized Users. Customer will not conduct or authorize penetration tests of the Cloud Service without advance approval from QUANTO. Customer is solely responsible for determining the suitability of the Cloud Service for Customer's business processes and for complying with all applicable legal provisions regarding Customer Data and its use of the Cloud Service. Free of charge, Customer must provide the collaboration required in connection with the provision of the Cloud Service and the support and Consulting services by QUANTO, including, for example, infrastructure and telecommunications equipment for Cloud Service access. QUANTO points out that Customer's collaboration is a necessary precondition for QUANTO's correct performance of its obligations. Customer bears all consequences and costs resulting from breach of its duties. Section 8 also applies.

4.4 During the Subscription Term, Customer can access its Customer Data at any time. Customer may export and retrieve its Customer Data in a standard format. Export and retrieval may be subject to technical limitations and prerequisites (e.g. as described in the Documentation), in which case QUANTO and Customer will agree on a reasonable method to allow Customer access to Customer Data. Before the Subscription Term expires, Customer may use QUANTO's self-service export tools (as available) to perform a final export of Customer Data from the Cloud Service. Following the end of the Subscription Term, QUANTO will delete or overwrite the Customer Data remaining on servers hosting the Cloud Service unless applicable mandatory law requires retention. Retained data is subject to the confidentiality provisions of the Agreement.

5. REMUNERATION, PAYMENT, TAXES

5.1 Customer will pay QUANTO the fees agreed in the Order Form. No cash discounts shall be granted. Payments are due 14 calendar days from the date of the invoice. Any fees not paid when due shall accrue interest at the applicable statutory interest rate. If Customer is still in default of payment after a reasonable extension period set by QUANTO has passed, QUANTO can deny full or partial access to the Cloud Service temporarily until payment has been received. Customer may offset only claims or claim rights of retention that are uncontested or have been finally determined by the court.

5.2 All agreed fees are subject to statutory value-added tax.

5.3 During the Subscription Term of the Order Form, Customer may agree on an increase of units of an agreed Usage Metric by executing an addendum to the relevant Order Form ("Extension Agreement"). The term of each Extension Agreement shall be coterminous with the then-current term of the Order Form irrespective of the effective date of Extension Agreement and all fees shall be prorated accordingly. Upon renewal of the Order Form, the renewal term for all increases in Usage Metric added to the Order Form prior to renewal shall be the same as specified in the Order Form.

5.4 The recurring fee agreed in the Order Form applies for the Initial Subscription Term agreed therein. The fee applicable for a Renewal Term corresponds to the fees for the preceding Initial or Renewal Term, unless QUANTO increases the fees as follows:

(a) Subject as is set out below, QUANTO may at its discretion adjust the recurring fees with effect from the start of a renewal term by giving two months' written notice of the fee adjustment to Customer:

(b) The change applied to the fees must not be greater than the change in the index under section (c) below ("Discretionary Applicable Change"). For the first fee adjustment under the contract, the Discretionary Applicable Change is the change from the published index as it stood when the contract was concluded to the index as it had most recently been published when the fee adjustment notice was given. If the fee has already been adjusted in the past, the Discretionary Applicable Change is the change from the index that had been most recently published when the previous fee adjustment notice was given to the index that had most recently been published when the new fee adjustment notice is given.

(d) The index used to determine the Discretionary Applicable Change is the index of mean gross monthly salaries of full-time employees in Germany in the information technology services sector. If that index is discontinued, the applicable index will be the index published by the Federal Statistical Office that most closely reflects changes in average gross monthly earnings in that sector.

(e) The fee change is deemed to be agreed by the parties if the Cloud Service is renewed automatically for the renewal period unless Customer, by giving written notice at least one month prior to the expiration date of the preceding contractual term, terminates the Order Form with effect from the expiration of the relevant contractual term (extraordinary termination right). QUANTO will draw attention to this in the fee adjustment notice.

6. TERM, TERMINATION

6.1 The Subscription Term is as stated in the Order Form. Each Order Form initially runs for the Initial Subscription Term defined therein (“Initial Subscription Term”). At the end of the Initial Subscription Term, it automatically renews by the renewals defined therein (each a “Renewal Term”), unless the Order Form is terminated by one of the parties in accordance with Section 6.2.

6.2 Ordinary (partial) termination of the Order Form is excluded during the Initial Subscription Term or any Renewal Term. Customer may terminate any Order Form by written notice at least one month in advance of the expiration of the Initial Subscription Term or current Renewal Term. QUANTO may terminate any Order Form by written notice at least six months prior to the expiration of the Initial Subscription Term or current Renewal Term. Extraordinary termination rights and the right to termination for just cause remain unaffected. Notice of termination must be given in written form. The provisions in Section 12.1 concerning notices setting limited extra time also apply. QUANTO reserves the right to terminate for just cause in particular where Customer is repeatedly or seriously in breach of major contractual obligations (in particular in Sections 2, 4, 11 and 12.3).

6.3 In the event of termination by Customer, or termination by QUANTO under Section 12.3, Customer shall be entitled to a pro-rata refund of prepaid fees for the period of time of termination to the end of the original term for the relevant Cloud Service, unless such refund is prohibited by Export Laws.

6.4 At the end of the contract, (i) Customer’s access to the Cloud Service shall cease, (ii) Customer’s right to use the Cloud Service and all QUANTO Confidential Information will end and (iii) Confidential Information of the disclosing party will be returned or destroyed as required by the Agreement. Termination of individual Order Forms shall leave other Order Forms and agreements unaffected.

7. WARRANTIES BY QUANTO

7.1 QUANTO warrants, for the Subscription Term, that the Cloud Service meets the specifications agreed in the Supplement and the Documentation and that the Cloud Service where used by Customer as contractually agreed does not infringe any third- party right. QUANTO will remedy any defects as to quality and defects in title in the Service in accordance with Section 7.4. If QUANTO has failed to remedy the defect at the end of an additional time period of a reasonable length set in writing by Customer, and the suitability of the Cloud Service is consequently reduced to a more than just insignificant degree, Customer has the right of termination, which must be communicated in writing. If the suitability of the Cloud Service for use in accordance with the Agreement is reduced to a more than just insignificant degree, Customer is entitled to reduce the remuneration by an appropriate amount. Section 9 applies for damage compensation due to defects. No-fault liability as provided in the German Civil Code, Section 536a (1) Alt. 1 for defects that existed at the time of contract execution is excluded.

7.2 For Consulting Services provided as works (“Werkleistung”), QUANTO warrants that the Consulting Service corresponds to the agreed service description by remedying defects in accordance with Section 7.4. If defects have not been remedied at the end of an additional time period of a reasonable length set by Customer in writing, Customer is entitled to reduce the payable remuneration in the Order Form for the Consulting Service concerned by an appropriate amount or to withdraw from the Order Form with respect to the Consulting Service. Section 9 applies for damage compensation due to defects.

7.3 If QUANTO fails to properly provide Consulting Services which are not subject to acceptance, or if – with regard to Consulting Services or the Cloud Service – QUANTO is otherwise in breach in an area other than liability for defects as to quality and defects in title, Customer must give notice of this failure or breach to QUANTO in writing and set an additional time period of a reasonable length, during which QUANTO has the opportunity to properly perform its duty or otherwise remedy the situation. Section 9 applies with regard to compensation for damages.

7.4 QUANTO shall remedy defects in Consulting Services that are subject to acceptance and in the Cloud Service by providing Customer with either a new Consulting Service or Cloud Service, that is free of defects or, at its election, by eliminating the defects. One of the ways QUANTO may eliminate a defect is to indicate to Customer a reasonable way to avoid the effect of the defect. In the event of defects in title, QUANTO shall elect to (i) procure for Customer the right to use the Cloud Service or Consulting Service in accordance with the contract, or (ii) replace the Cloud Service or Consulting Service or change it such that the accusation of breach no longer stands, whereby Customer’s contractual use is not unreasonably impacted, or (iii) terminate the Order Form to this extent and reimburse the Customer’s remuneration paid in advance for the term remaining after the date of termination, and to pay damages subject to the limitations of Section 9.

7.5 Customer must give notice of every breach to QUANTO in writing without delay and with a detailed description of the reason.

7.6 Warranty rights resulting from defects as to quality and defects in title in Consulting Services subject to acceptance expire one year after acceptance. Warranties for the Cloud Service apply accordingly to the support services.

8. THIRD-PARTY CLAIMS

If a third party claims that Customer’s use of the Cloud Service or Cloud Materials in accordance with the terms and conditions of the Agreement infringes its intellectual property rights, Customer must fully inform QUANTO in writing without delay. If Customer ceases to use the contractual Cloud Service or Cloud Materials to mitigate loss or for other just reason, Customer must notify the third party that such cessation does not imply any recognition of the claimed infringement. Customer shall conduct court proceedings with the third party only with QUANTO’s agreement or shall authorize QUANTO to assume sole conduct of the dispute. This applies mutatis mutandis in cases where a third party makes claims against QUANTO that are due to acts by Customer, the Authorized Users, or third-party provider access.

9. LIMITATION OF LIABILITY

9.1 QUANTO is liable in contract, tort, or otherwise for loss or wasted expenditure subject always as follows:

(a) In cases of intent, QUANTO's liability extends to the full loss; in cases of gross negligence, liability is limited to the amount of foreseeable loss that would have been prevented through the exercise of due care; in cases of absence of a guaranteed quality, liability is limited to the amount of foreseeable loss that would have been prevented by the presence of the guaranteed quality.

(b) In other cases, QUANTO is not liable except for breach of a major obligation (Kardinalpflicht) and only up to the limits in the following subsection. A breach of a major obligation in the meaning of this Section 9.1 (b) is assumed where the duty itself is a necessary prerequisite for the contractual performance, or where the breach of the relevant duty jeopardizes the purpose of the contract and where Customer could legitimately rely upon its fulfillment.

9.2 Liability in cases under Section 9.1 (b) is limited to EUR 5.000 per incident, and to a total per contract year of the greater of EUR 10.000 or the fee that was paid in the contract year for the Cloud Service (or Consulting Service respectively) concerned.

9.3 Contributory fault (e.g. breach of Section 4 duties) may be claimed. The limits of liability in Section 9.1 do not apply to personal injury liability or liability under the German Product Liability Act (Produkthaftungsgesetz).

9.4 All claims against QUANTO in contract, tort, or otherwise for loss or wasted anticipatory expenditure are barred after a period of one year. That period begins at the point in time specified in the German Civil Code, Section 199 (1). The foregoing provisions in this section notwithstanding, the time bar comes into effect not later than five years after the claim arises. The provisions in sentences 1 to 3 in this subsection 9.4 do not apply to liability for intent or gross negligence, liability for personal injury, or liability under the German Product Liability Act. The provisions in this section do not affect the other time bar for claims arising out of defects as to quality and defects in title (Section 7).

10. IP RIGHTS

10.1 Customer may only use the Cloud Service, Cloud Materials, Documentation and Consulting Services to the extent contractually agreed. As between Customer and QUANTO, all rights therein, that are not expressly granted to Customer, are reserved to QUANTO including without limitation if those were created to address a requirement of or in collaboration with Customer.

10.2 Except as stated otherwise in the Agreement, Customer retains all rights in and related to the Customer Data as between Customer and QUANTO. QUANTO may use Customer-provided trademarks solely to provide and the Cloud Service and the Support.

11. CONFIDENTIALITY

11.1 Both parties undertake forever to protect the other party's Confidential Information acquired before and in connection with contract performance, as confidential to the same extent they protect their own Confidential Information, and not less than a reasonable standard of care. Confidential Information of the other party may only be shared with or disclosed to third parties who are under obligations of confidentiality substantially similar to those in Section 11 and only to the extent this is necessary to enable the receiving party to exercise its rights or perform its obligations under the Agreement. Any reproduction of any Confidential Information of the other party shall contain any and all confidential or proprietary notices or legends which appear on the original, as far as this is technically feasible.

11.2 Section 11.1, above shall not apply to any Confidential Information that: (a) is independently developed by the receiving party without reference to the disclosing party's Confidential Information;

(b) is generally available to the public without a breach of the Agreement by the receiving party or is lawfully received free of restriction from a third party having the right to furnish such Confidential Information; (c) at the time of disclosure, was known to the receiving party free of confidentiality restrictions; or (d) the disclosing party agrees in writing is free of confidentiality restrictions.

11.3 Neither party shall use the name of the other party in publicity activities without the prior written consent of the other. However QUANTO may use Customer's name in customer listings (reference listings) or quarterly calls with its investors or, at times mutually agreeable to the parties, as part of QUANTO's marketing efforts (including reference calls and stories, press testimonials, site visits, QUANTOPHIRE participation). Insofar as this includes the provision and use of contact information of Licensee's contact persons, Customer will secure the appropriate permissions where necessary.

12. MISCELLANEOUS

12.1 Except in emergencies, a limited time fixed by Customer pursuant to the law or contract must not be less than ten working days. Where a failure to comply with a fixed time limit entitles Customer to be released from the contract (e.g. by termination or claim for damages in lieu of performance) Customer shall first threaten in writing the consequence of failure to comply with that time limit when setting the limited time.

12.2 Amendments and additions to the Agreement and any contractually relevant declarations as well as declarations influencing a legal relations, especially without being limited to termination notices, reminders, or notices to set time limits, require written form. The foregoing provision also applies to any waiver of the written-form requirement. The written-form requirement can also be met by exchange of letters or (except in the case of termination notices) with an electronically transmitted signature (facsimile transmission, e-mail transmission with scanned signatures, or other agreed form of electronic contract conclusion provided by SAP or QUANTO on behalf of QUANTO, such as the "SAP Store" or the DocuSign™ procedure). Except in that respect, however, the provisions in the German Civil Code, Section 127 (2) and (3) do not apply.

12.3 QUANTO and Customer shall comply with Export Laws in the performance of the Agreement. The Cloud Service, Cloud Materials, and Documentation are subject to Export Laws. Customer, its Affiliates, and Authorized Users shall not directly or indirectly export, re-export, release, or transfer the Cloud Service, Cloud Materials, and Documentation in violation of Export Laws. Customer is solely responsible for compliance with Export Laws related to Customer Data, including obtaining any required export authorizations for Customer Data. The Cloud Service will not be provided in some Countries and is restricted to the availability of the SAP Store. Upon QUANTO's request, Customer shall provide information and documents to support obtaining an export authorization. Upon written notice to Customer QUANTO may immediately terminate Customer's subscription to the affected Cloud Service if (i) the competent authority does not grant such export authorization within eighteen months or (ii) Export Laws prohibit QUANTO from providing the Cloud Service to Customer.

12.4 System notifications and information from QUANTO relating to the operation, hosting or support of the Cloud Service can also be provided within the Cloud Service, electronically to the contact person named in the Order Form or can be made available via QUANTO.

12.5 These GTU can be changed with regard to the provision and support of the Cloud Service, in accordance with the sentences below provided that the change does not have any impact on the contractual content that is material for the equivalency of Cloud Services and support and their remuneration between the parties and provided that such change is reasonably acceptable for Customer. QUANTO will inform Customer about the change of the Cloud GTC. If, in this case, Customer

does not expressly disagree in writing within four weeks after receipt of the change notice, the change will be deemed to be effected and from this point in time, the changed version of the Cloud GTC is binding for the existing agreements between QUANTO and Customer. QUANTO will draw attention to this consequence in the change notice.

12.6 Without QUANTO's prior written consent, however subject to the provisions of the German Commercial Code (HGB), Section 354a respectively, Customer may not assign or transfer the Agreement or any of its rights or obligations to a third party.

12.7 German law applies exclusively to all claims in contract, in tort, or otherwise, and the UN sales laws convention is excluded. The conflict-of-law rules shall not apply. If Customer is a merchant, a juristic person under public law, or separate fund under public law, the sole place of jurisdiction for all differences arising out of or in connection with the Agreement shall be Stuttgart.
